Data platform Team Lead @ OliveSoft | Data Engineer | GCP Data Consultant | Google Cloud Certified - PDE - ADP

Gouvernorat Sfax, Tunisie

Résumé

As a Google Cloud Platform Data Engineer at OliveSoft, I work with clients from various industries to design, develop, and deploy data pipelines and solutions using GCP services and tools. I also have experience as a Consultant GCP Dataflow at CELINE, where I helped optimize and automate their data processing and analysis workflows. I have a Computer Science engineering degree with European accreditation from National Engineering School of Sfax (ENIS). My mission is to leverage my skills and knowledge to help clients achieve their data-driven goals and transform their businesses. I am passionate about learning new technologies and solving complex problems in the field of data. I value teamwork, innovation, and quality in my work.
