Mohamed REBAI

Implementation Consultant at ADP
Tunis, Tunisia

Experience

ADP
Implementation Consultant
September 2026 - Present (1 month)
Tunis, Tunisia

OliveSoft
Data Engineering Intern
February 2026 - June 2026 (5 months)

◦ Designed and implemented CI/CD pipelines for Power BI projects (.pbip) on Azure DevOps, automating quality checks
across semantic models and visual layers, cutting manual review time by ~50%.
◦ Built a full-stack web portal for continuous quality analysis, integrating BPA rules, Lineage Engine, TMDL parsing,
and an AI-powered chatbot for BI assistance.
◦ Deployed a multi-environment delivery workflow (Dev/UAT/Prod) using Microsoft Fabric Git Sync and Azure Repos
branching strategy.
◦ Developed a supply chain Power BI report for a luxury retail client, covering 15+ KPIs across inventory, logistics, and
procurement.

Telnet
Software Engineer Intern
June 2025 - August 2025 (3 months)

◦ Developed a centralized platform to collect, visualize, and analyze Jira project data via Atlassian APIs.
◦ Implemented sprint and ticket tracking, velocity monitoring, bug reporting per developer, retrospectives,
grooming sessions, private notes, notifications, and gamified rewards.
◦ Integrated dashboards using Power BI for KPI visualization and performance insights

OliveSoft

8 months

Data Engineering Intern
June 2024 - August 2024 (3 months)
Sfax, Tunisia

- Designed a log management solution using Datadog’s Log Archiving and Log Forwarding features for efficient long-term retention.
- Implemented Log Rehydration to retrieve and analyze archived logs in Datadog Log Explorer when needed.
- Developed a Talend job to automate log cleanup from cloud storage by deleting logs older than 60 days, optimizing storage and cost management.
- Dockerized the Talend job to ensure a consistent runtime environment and streamline deployment across cloud platforms.
- Deployed the solution to the cloud with a daily automated schedule, enhancing scalability and reliability in log management.

Engineering Apprentice
January 2024 - August 2024 (8 months)

- Managed administrative tasks and supported HR operations to ensure smooth workflow.
- Utilized Jira for project management, tracking tasks, and optimizing team efficiency.
- Used Confluence for reporting and documenting internal processes and policies.
- Contributed to the development of the company’s marketing strategy by assisting in its restructuring.
- Played a key role in refactoring the company’s graphic charter, website, and overall marketing approach to enhance brand identity and visibility.

ArTanit
Intern
February 2023 - June 2023 (5 months)

Contributed to "Artar" mobile app development, enhancing art access through augmented reality. Enabled virtual art gallery visits, artist information, and personal art collections. Promoted culture and art education, fostering connections between artists and art enthusiasts.

ABS Computer
Stagiaire été
July 2022 - August 2022 (2 months)
